

# ADVANCED DIPLOMA IN LOGISTICS AND SUPPLY MANAGEMENT

## Course Objective

This Advanced Diploma course equips students with the operational strategy of downstream functions in logistics and supply management at a management level in an organisation.

This specialised course comprises 3 modules: a module on Logistics and Supply Chain Strategy (LSC); a module on Business Logistics Management II (BLMII); and a module on Management Project (MP).

The LSC module covers 10 topics on managing strategy of supply chain functions. The BLMII module covers 10 topics on the managing strategy of logistics functions. The Management Project focuses on a specialised area of logistics and supply management, and is based on academic and industry research.

## Course Structure & Duration

This part-time course can be completed within 6 months. The course is intensive and requires students to attend classroom sessions 1 or 2 times in a week.

## Listing of Modules

LSC401	Logistics and Supply Chain Strategy
LSC406	Business Logistics Management II
MGT401	Management Project

## Faculty & Mode of Delivery

This course incorporates a blended learning mode, where students attend lectures, and undertake online learning through recorded videos. Our faculty comprises highly experienced practitioners with the post-graduate academic and professional qualifications.

The mode of delivery is mainly classroom lectures and case discussions. The Project module comprises class sessions in phases where students are guided to work on an approved project until completion. Students are expected to make use of relevant websites and the internet for purposes of learning and research.

## Attendance & Assessment

Attendance is monitored regularly and unless approved, students must achieve a minimum overall attendance of 75% to be eligible to sit for the examination.

For the two modules on LSC and BLMII, students are assessed based on assignments and an examination towards the end of the study period.

In the Project Module, each student is assessed based on a viva-voce presentation and submission of a thesis.

## Academic Award

Students must pass all the assessments of the modules within the candidature period, in order to complete this course successfully and be awarded with an Advanced Diploma in Logistics and Supply Management.

## Award Recognition

ADLSM graduates from SIPMM Academy will receive a professional credential as a World Certified Professional in Logistics and Supply Management, and this credential is awarded by the World Certification Institute (WCI).

## Admission Criteria

An applicant must be at least 18 years old; and has at least 2.5 years of experience in a related field; and has attained an academic qualification not lower than a Diploma; and with a language proficiency in English at GCE 'O' level or equivalent.

Matured candidates with the professional or managerial experiences may be considered on a case-by-case basis, subject to approval by the Academic Board.
